

BIO-BAOBAB-Powder

(*Adansonia digitata* L.)

Baobab fruit powder is a naturally dried product made from the endocarp of the baobab fruit (*Adansonia digitata* L.). No further additives have been added to the product and it has not been processed further. Our baobab fruit powder is 100% natural and organic.

With many vitamins and minerals, it is a valuable source of nutrition. Its high vitamin C content and secondary plant substances are the reasons for its antioxidant effect. The high levels of potassium, calcium and magnesium should be emphasized, which, together with the antioxidants, are in great demand by ambitious athletes and nutrition-conscious people.

Item number: 060202011

Quality: 100% bio, EWG 834/2007 Norm

Eco-control: DE-ÖKO-001

Origin considering customs: Germany
