

Organic-HIBISCUS-Flower POWDER

(*Hibiscus sabdariffa* L.)

Brief description:

Hibiscus flower powder is a naturally dried and finely ground product made from the flowers of the hibiscus plant (*Hibiscus sabdariffa* L.). No other additives have been added to the product and it has not been further processed. Our hibiscus is 100% natural and organically produced. africrops! offers hibiscus in the form of finely ground powder or as roughly cut petals (sifting).

The valuable plant pigments, the so-called anthocyanins, ensure a strong color of the flowers. In addition to phytochemicals, hibiscus flowers also contain high levels of vitamin C.
