

Organic-MORINGA-Leaves

(*Moringa oleifera*)

Brief description:

Organic Moringa leaves are natural foods with a special nutritional composition. The leaves of the Moringa plant (*Moringa oleifera*) are hand-picked and gently dried.

The nutrients in Moringa leaves are naturally present in a form that can be used very well by humans. Moringa contains vitamins, pyramines (secondary plant substances), minerals, trace elements, proteins, and anti-inflammatory substances. They contain natural antioxidants and all the essential amino acids. They are also rich in vitamins C and A, calcium, potassium, and iron.

Item number: 040110011

Quality: 100% bio, EWG 834/2007 Norm, Non - EU Agriculture

Organic-Control: DE-ÖKO-001

Customs Origin: Deutschland (DE)

Distributor: africrops! GmbH, Zimmerstr. 11, 10969 Berlin, Germany

Value-Chain
Moringa leaves from Gambia, Tanzania, Namibia

Country of Origin: Gambia, Tanzania, Namibia

Content: 100% pure Moringa-leaves (*Moringa oleifera*)

Application: Moringa leaves are primarily used like conventional tea leaves. To do this, pour hot, no longer boiling water over the leaves and let it steep for 5 minutes. The leaves can also be used as an ingredient in various foods.

Storage Life: The shelf life in original sealed containers and with recommended storage is at least 3 years.

Storage: It is recommended to store the Moringa leaves in dark, cool and dry conditions.

Manufacturing: Made from hand-picked leaves of the moringa plant. The leaves come from certified organic cultivation areas. After the harvest, the leaves are gently air dried.

Organic-MORINGA-Leaves

(*Moringa oleifera*)

Characteristics:

Appearance:	Green leaves
Solubility:	Not soluble in water
Foreign particle	<0,2%
Ash	<5,5%
Pesticides	According to the guidelines of the German natural food association (BNN)
