

AJITOP™

AJITOP™ is a natural yeast extract made by an advanced proprietary process from Torula yeast. This product is a flavour exciter for dishes that benefits from an extra boost of impact at the front end of the flavour experience, nothing comes close to this. Its sharpness highlights the hidden spice and personality in prepared foods. The effect it has on flavour is no “flash in the pan” – it extends and gives weight to the front end of flavour, then departs without a harsh or yeasty aftertaste.
