WE CREATE TOGETHER

- Food Scientist for Hire is a global food consultancy collective. We develop food and drink products from concept to launch. No matter if you are an entrepreneur, a large FMCG company or a local food manufacturer, we can help!
- We make it our business to understand the food and beverage consumer trends and our customers' challenges. You can trust us to deliver high-quality results that are practical and work.
- Our services are:

WE THINK GLOBALLY BUT ACT LOCALLY

- We provide exceptional performance and deliver market-leading innovative solutions on a global scale but have the agility to meet the changing needs of local markets.
- We are global but we have presence in the USA, UK, EU and Australia.
- We provide custom formulations and source ingredients locally in the target market.

WE BELIEVE IN

- ✓ Practical solutions that work
- ✓ Clean and simple ingredients
- ✓ Plant-based if possible
- ✓ Sustainable solutions
- ✓ Creative and out-of-the-box thinking
- ✓ We win when our customer wins
- ✓ Environmentally-friendly mindset
