Botanical name

Passiflora edulis

Ingredients

Passionfruits

Raw material varieties

Passiflora edulis f. *flavicarpa*

Physical and chemical parameters

Characteristics	unit of measure	min.	max.	method
Brix (refractometer value)		64,0	66,0	IFU MA08
Brix (corrected)		66,7	70,1	IFU MA08
pH		2,3	2,8	IFU MA11
Acidity as citric acid anhydrous, pH 8,1	g/100 g	14,2	22,2	IFU MA03
Brix (refr. value) single strength		13,5		AIJN
Alcohol test *		negative		SVZ W9.35.12

* = measured on brix (refr. value) single strength

Microbiological parameters

Characteristics	unit of measure	max.	method
Total viable count (by OSA)	cfu/g	<=1000	IFU MM2
Yeasts	cfu/g	<=500	IFU MM3
Moulds	cfu/g	<=100	IFU MM4

PRODUCT SPECIFICATION

Passionfruit juice concentrate, clarified R=65, frozen, jerrycan 20kg

Sensoric properties (on single strength/juice)

Color (visually)

Amber

Aroma

Aromatic, typical passionfruit

Taste

Fresh, acidic

Recommended shelf life and storage

Retest after	Months	24	6
if stored	°C	max. -18	0 - 4

Legislation information

Residues of pesticides: in compliance with Regulation (EC) No. 396/2005 and subsequent amendments.

Residues of contaminants: in compliance with Regulation (EC) No. 1881/2006 and subsequent amendments.

Packaging material intended to come in contact with foodstuffs meets the requirements of European legislation in force.

According to European legal requirements neither GMO nor allergen labelling is necessary.

Remarks

This product is pasteurized, which means that vegetative microorganisms have been inactivated.

Spores however can survive a pasteurization. This will not cause a problem in our product if kept at storage conditions as indicated on our specification.

The formation of agglomerates (crystals) is a natural phenomenon in concentrated fruit juices. It can be triggered by fluctuations in storage conditions. The crystals disappear upon gently heating and stirring the juice concentrate. This phenomenon has no effect on the quality of the product.

It remains the responsibility of the customer to ensure that the use of the product and subsequent labelling is in compliance with relevant legislation.

The product that SVZ International B.V. supplies is not intended for direct consumption.
